

Mail Order Enrollment Process

For injured workers to be enrolled and receive mail order prescription services under the Comp+ mail order offering, the following two steps need to be followed:

1. The injured worker or member of the TRISTAR team should request enrollment in the mail order program via telephone – (866) 337-6426. Enrollment only takes a few minutes to verify delivery address and provide any allergy information to the Comp+ team.
2. Once enrollment is complete and verified with the Comp+ helpdesk, the injured worker, in coordination with a TRISTAR team member should request new prescriptions from their prescriber.
